Honorable Commissioner of Patents

Washington, D.C. 20231

July 31, 2001

Sir:

Applicants respectfully request entry of the enclosed amendments to the drawings. New Figure 1 is being added to the drawings. New Figure 1 corresponds to pages 22 and 23 of the specification. It is clear from the description of the drawings on page 9 of the specification, that original pages 22 and 23 were intended as described Figure 1.

The remaining figures have the proposed amendments in "red-ink." These proposed amendments are to correct the figure designation to correctly correspond to the appropriate description in the specification. The red-ink amendments also correct the axes of the graphs to use standard notation American, rather than European notation, for the decimal points.

These proposed changes to the drawings in no way add new matter to the specification. As such, entry thereof is respectfully requested.

Should the Examiner have any questions regarding the present application, he is requested to contact Kristi L. Rupert, Ph.D. (Reg. No. 45,702) in the Washington DC area, at (703) 205-8000.
